New in Quicken 2017 for macOS

Quicken 2017 maintains the same online banking connectivity features, along with some new features not found on previous versions.

- Mobile Investments
- Quicken Bill Pay
- Feature Bar with animation descriptions
- Updated Sidebar with eliminated icons and updated fonts. The sidebar can be customized.
- New Reports

Connect and Update your Data

Before you set Quicken to download transactions you may need to contact your financial institution (FI) for the following information:

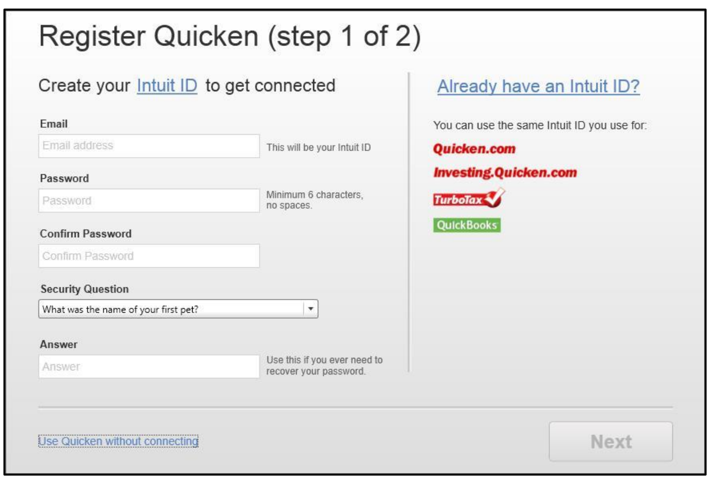
- Customer ID
- Personal Identification Number (PIN) or password

For Quicken Web Connect/Express Web Connect accounts, use the same customer ID and PIN/password as your financial institution website. For Direct Connect, they may be different. Please contact your financial institution to verify your Direct Connect login information.

IMPORTANT:	We recommend that you back up your Quicken Data File before setting up online banking accounts for the first time. Choose **Help > Quicken Help** and search for **Back Up** for backup instructions.

Register a Quicken Data File with an Intuit ID

When you set up an account for online banking, Quicken requires you to register your Quicken data file with an Intuit ID. If you already use other Intuit products, like TurboTax or QuickBooks, you may already have an Intuit ID.



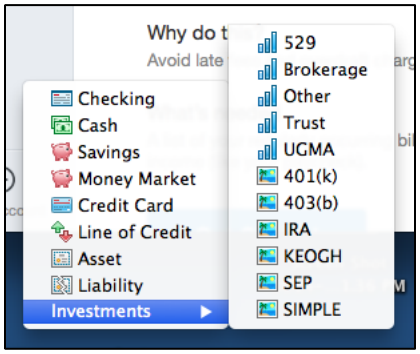
Fill in the information to set up your Intuit ID and complete your registration

If you already have an Intuit ID, click "Already have an Intuit ID" on the right and sign in to complete your registration

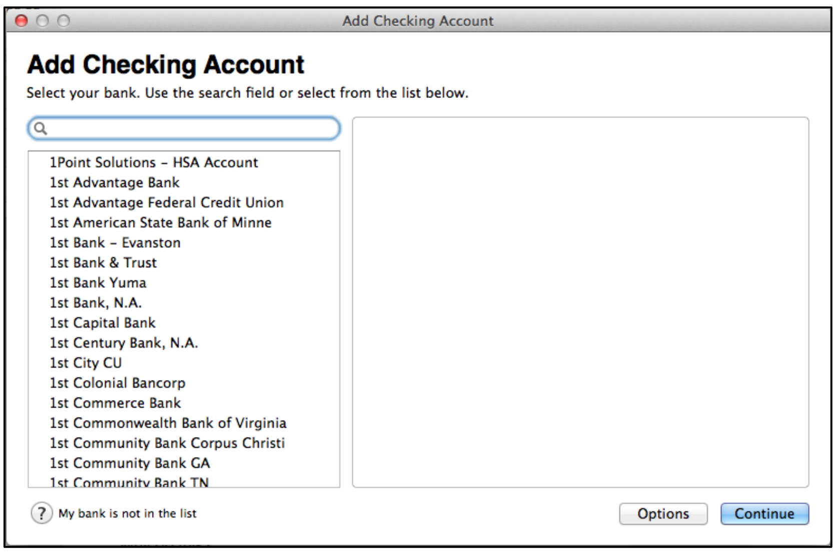
Set Up an Account for Online Banking (Direct Connect)

1. Choose **Tools > Add Account...**

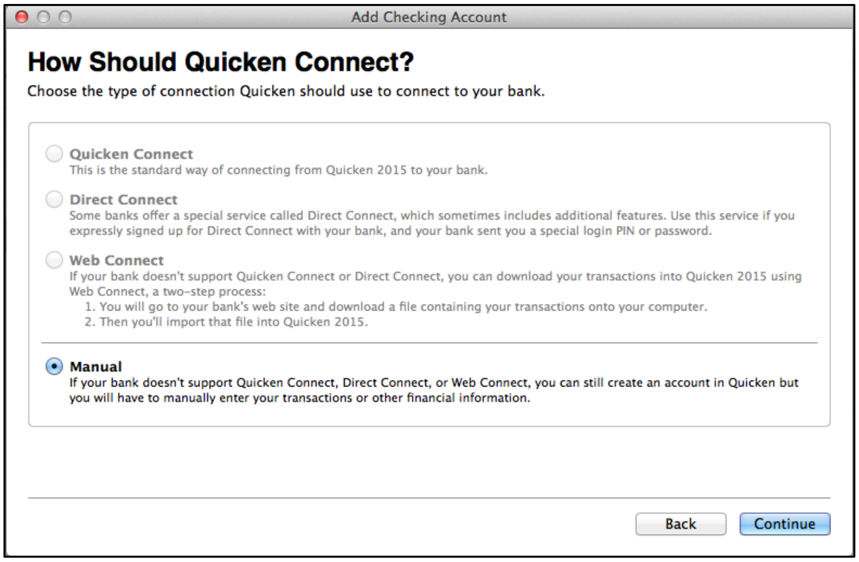
2. Click the type of account you want to set up. For example, you can choose a specific investment type if you wish



3. After you choose the type of account you want to add, you will see the financial institution selection screen. Type the name of your financial institution to filter the list.



4. When your financial institution name appears in the filter results, click your financial institution's listing and and then click **Options** to see the connectivity selection screen.



NOTE: Be sure to select the correct financial institution, because some financial institutions may appear more than once. If you have any questions about which listing to choose for Direct Connect, please contact your financial institution.

5. In the connectivity selection screen, select **Direct Connect** and click **Continue**.

6. Quicken will now display a login screen: type your Direct Connect credentials and follow the prompts to add your accounts to Quicken 2017.

Set Up an Account for Online Banking (Web Connect)

1. Log into your financial institution's web site.

2. Download your transactions according to your financial institution's instructions.

3. If you are given a choice for your download format, choose "Quicken Web Connect (*.QFX)" and save the file to your computer.

NOTE: These instructions assume you will save the download to your computer. If you "open" it instead, your web browser should open Quicken and begin to import the transactions. If you plan to open the file directly, we recommend that you have your Quicken data file open in Quicken 2017 before you begin Step 2.

4. Open Quicken, then choose **File** > **Import** > **Bank or Brokerage File (OFX, QFX)….** You will see a navigation window.

5. Navigate to the file you downloaded in Step 2, then click Open.

6. Click **Link an Existing Account** if you have an appropriate account in the account list. If you don't have an account yet, click **Create a new account** and enter a nickname for that account.

7. Click **Import**.

8. Click OK to confirm and finish.
